F O U N D E R

DR. BHARTESH K. SHAH

I strongly believe that education is imparted as a collaborative effort that involves Foresighted Management, Committed Teachers, Professional Administrators, Responsive Parents and Motivated Students where Students must be the centre of all efforts.

At Radhika Classes, we aim not just to impart knowledge to the students, but also to inculcate in them - wisdom, compassion and a humanitarian spirit by providing an environment where their 360° development is the focus. We also ensure that the students get thorough exposure to practical knowledge and experience and not just stuffed with the theory within the books.

With the New Education Policy 2020, a lot of positive changes in the system are evident. At RC, we ensure you that all NEP guidelines are met with and all necessary steps are taken to abide by all Government regulations.

As Nelson Mandela defines, Education is the most powerful weapon which you can use to change the world. This Institution of ours is also our small endeavor towards bringing a positive change in this world.
